On June 13, 2017, Owens Realty Mortgage, Inc. (the "Company") issued a press release announcing that:

- The Company's board of directors has authorized the entry into a new stock repurchase plan (the "Repurchase Plan") to repurchase up to \$10 million of its issued and outstanding common stock from stockholders. Repurchases will be funded from available working capital, and the repurchased shares will return to the status of authorized but unissued shares of common stock. The Repurchase Plan will operate in accordance with guidelines specified under Rule 10b5-1 of the Securities and Exchange Act of 1934. The Repurchase Plan provides for stock repurchases to commence on July 13, 2017, and is subject to certain price, volume and timing constraints specified in a brokerage agreement. There is no guarantee as to the exact number of shares that will be repurchased by the Company and there can be no assurance that any shares will be repurchased. The Repurchase Plan is set to expire on January 15, 2018, although the Company may terminate the Repurchase Plan any time.
- The board of directors has declared a quarterly dividend of \$0.10 per share of common stock for the quarter ending June 30, 2017. The dividend is payable on July 13, 2017 to stockholders of record at the close of business on June 30, 2017.
- The compensation committee of the Company's board of directors, consisting of independent and disinterested directors, has been engaged in a months-long internal analysis and evaluation of strategic options related to its external management structure with the assistance of FTI Consulting, Inc. ("FTI"), a leading independent consultant. During this period, the compensation committee has engaged in discussions with the Company's external manager, Owens Financial Group, Inc. (the "Manager"), primarily with respect to two alternatives: (1) an amendment to the management agreement that would replace the current management fee payable to the Manager with a management fee based on a stockholders' equity calculation that is both in the long term interest of stockholders and is similar to industry standards, or (2) a potential value creating internalization transaction. The discussions are ongoing and preliminary in nature, and no conclusion has been reached.

Additional Information Regarding Possible Amendments to the Management Agreement or a Possible Internalization Transaction

In connection with the Company's authorization of the Repurchase Plan, the Company has disclosed the following:

The compensation committee has been engaged in a months-long internal analysis and evaluation of strategic options related to its external management structure with the assistance of FTI. During this period, the compensation committee has engaged in discussions with the Manager primarily with respect to two alternatives: (1) potential amendments to the Management Agreement that would replace the current management fee payable to the Manager with a management fee that is both in the long term interest of stockholders and based on a stockholders' equity calculation that is similar to industry standards, or (2) a potential value creating internalization transaction. These discussions are ongoing and preliminary in nature, and no conclusion has been reached.

The implementation of the proposed amendments to the Management Agreement would require changes to both the Management Agreement and the Company's Articles of Amendment and Restatement, as supplemented (the "Charter"). The Charter currently includes provisions relating to the compensation of the Manager and provides, among other things, for (1) a management fee (the "Existing Management Fee"), payable by the Company to the Manager monthly in arrears, equal to 2.75% of the average unpaid balance of the Company's mortgage loans at the end of each month in the calendar year; and (2) certain monthly loan servicing fees on the Company's loans (the "Loan Servicing Fees"). Any amendments to the Charter and Management Agreement would be proposed for approval at a future meeting of the Company's stockholders, and are expected to reflect the compensation committee's review of externally-managed REIT-industry standards, together with FTI.

The Company and the Manager have not agreed on the terms of any such amendments. However, the amendments, if adopted, would, among other things, be expected to replace the Existing Management Fee with a new management fee that is based on the Company's stockholders' equity and set at a lower percentage than the Existing Management Fee (the "New Management Fee") and provide for payment to the Manager of a termination fee in circumstances that have not yet been determined. In addition, the Manager would be expected to continue to be entitled to receive the Loan Servicing Fees on the Company's loans and to receive fees that are paid directly to the Manager by the borrowers. The Manager would also be expected to continue to receive expense reimbursement under an amended Management Agreement.

The compensation committee has also explored a potential internalization transaction pursuant to which the Company would acquire all or substantially all of the assets of the Manager related to the management of the Company. The Company and the Manager have not agreed on the amount, structure or form of consideration that would be paid for these assets. However, the Company anticipates that in addition to the acquisition of these assets, that it would be a condition to completion of the transaction that the Manager's key employees either sign employment agreements with the Company or agree to be hired by the Company. If discussions on such a transaction continue to proceed, the compensation committee would approve any compensation terms. If the Company and the Manager agree to proceed with a transaction, the Charter requires that the Company's stockholders approve the transaction prior to completion of the transaction.

Discussions between the Company and the Manager related to any strategic option currently being considered are ongoing and preliminary in nature. As a result, the Company cannot assure stockholders that any such strategic transaction will occur. The Company does not undertake any obligation to provide updates on any such discussions or proposals or the status thereof.

A copy of the press release is attached as Exhibit 99.1 and is incorporated herein by reference.

Owens Realty Mortgage, Inc. Announces \$10 Million Stock Repurchase Plan

Declares Increased Quarterly Dividend of \$0.10

Discloses Ongoing Evaluation of Strategic Options Related to External Management Structure

WALNUT CREEK, Calif., June 13, 2017 -- Owens Realty Mortgage, Inc. (NYSE MKT: ORM) (the "Company") today announced that its Board of Directors (the "Board") has authorized a new stock repurchase plan (the "Repurchase Plan"), which enables the Company to repurchase up to \$10,000,000 of its outstanding common stock from stockholders over the six months beginning July 13, 2017, as market conditions warrant. Additionally, the Board has declared an increased quarterly dividend of \$0.10 per share of common stock for the quarter ending June 30, 2017 (increased from previously \$0.08 per share). The dividend will be paid on July 13, 2017 to stockholders of record at the close of business on June 30, 2017.

The Company has previously disclosed that it was considering the appropriate uses of capital, including repurchasing shares while continuing to deploy cash generated from sales. This is the fourth Repurchase Plan authorized by the Board in the past four years. The Company has repurchased \$12.9 million of its stock and paid out \$15.1 million in cash dividends since May 20, 2013.

William C. Owens, Chairman of the Board, stated: "This Repurchase Plan and our dividend increase demonstrate the Board's continued commitment to thoughtfully and appropriately deploying capital to deliver immediate value to our stockholders. Consistent with the broader strategy we have regularly communicated to stockholders over the years, we remain focused on the orderly disposition of our real estate assets, the investment of proceeds into commercial real estate loans, and increasing the dividend to stockholders."

"Today's announcement of the Company's fourth Repurchase Plan in as many years is part of that continued effort. The goal of our Repurchase Plan is to opportunistically close the valuation gap between our current stock price and the book value of our equity in an effort to continue maximizing stockholder value," added Mr. Owens.

Repurchases will be funded from available working capital, and the repurchased shares will return to the status of authorized but unissued shares of common stock. The Repurchase Plan will operate in accordance with guidelines specified under Rule 10b5-1 of the Securities and Exchange Act of 1934. The Repurchase Plan provides for stock repurchases to commence on July 13, 2017, and is subject to certain price, volume and timing constraints specified in a brokerage agreement. There is no guarantee as to the exact number of shares that will be repurchased by the Company and there can be no assurance that any shares will be repurchased. The Repurchase Plan is set to expire on January 15, 2018, although the Company may terminate the Repurchase Plan at any time.

In connection with the Repurchase Plan, the Company disclosed that the Board's Compensation Committee, consisting of disinterested directors, has been engaged in a months-long internal analysis and evaluation of strategic options related to its external management structure with the assistance of FTI Consulting, Inc., a leading independent consultant. During this period, the Compensation Committee has engaged in discussions with the Company's external manager primarily with respect to two alternatives: (1) amendments to the management agreement that would replace the current management fee payable to the Manager with a management fee based on a stockholders' equity calculation that is similar to industry standards, or (2) an internalization transaction. The discussions are ongoing and preliminary in nature, and no conclusion has been reached. Further details will be filed by the Company with the Securities and Exchange Commission on Form 8-K.
